

Tulip Corner Crochet Pattern

♥👉 [THE BEST CROCHET PATTERNS HERE](#) 👉♥

This **Tulip Corner Crochet Pattern** creates a beautiful triangular lace panel filled with colorful tulip flowers and green leaves. The chart is worked from the **bottom-right corner toward the left**, then upward row by row. Each new row becomes slightly shorter, which naturally forms the diagonal edge.

Materials and Crochet Abbreviations

[!\[\]\(529949c2c3dadbaa4e538e8c643454bc_img.jpg\) !\[\]\(9d83b67c094360bb3c4e3b68ca3d779f_img.jpg\) THE BEST CROCHET PATTERNS HERE !\[\]\(7dbe5b492efc9d2ec2df517769c7fbf7_img.jpg\) !\[\]\(3ace734828313c58d082f679b9285da0_img.jpg\)](#)

Use a smooth medium-weight yarn that gives good stitch definition. Cotton or cotton-blend yarn works especially well for this open lace design.

You will need green yarn for the leaves, chains, and border, plus small amounts of flower colors such as red, pink, yellow, and purple.

Use a crochet hook appropriate for your yarn. A hook around **4.0–5.0 mm** is a practical starting point, but adjust the size if necessary to obtain a neat, flexible fabric.

Main U.S. abbreviations:

ch = chain

sl st = slip stitch

sc = single crochet

dc = double crochet

tr = treble crochet

dc3tog = double crochet 3 together

st/sts = stitch/stitches

sp = space

rep = repeat

The chart is based on a starting chain worked in a **multiple of 6 + 1**. Make the beginning chain longer or shorter depending on the final size you want.

Step 1 – Make the Foundation Row

Begin at the **bottom-right corner**, exactly as indicated on the chart.

With green yarn, make a foundation chain in a **multiple of 6 + 1**.

For example, you can use:

Ch 61

This gives you ten 6-stitch pattern sections plus one additional chain. You may use a longer chain for a larger triangular panel.

Work a row of **single crochet** across the foundation to create a firm base.

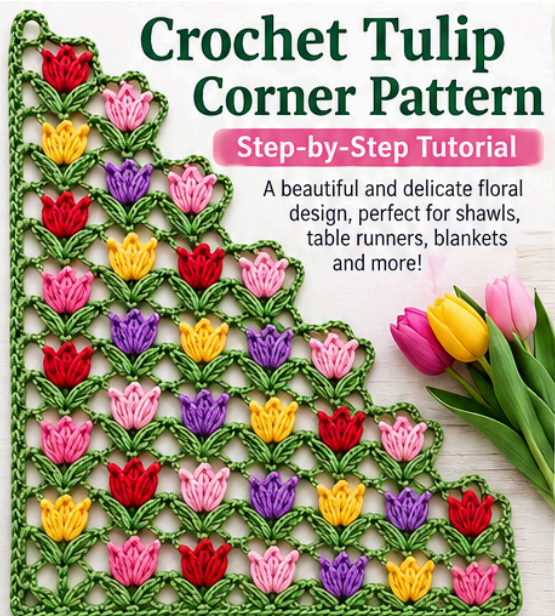

Keep your chains loose enough that the lower edge remains flat. Tight foundation chains can cause the finished piece to curve.

Turn your work after completing the row.

Crochet Tulip Corner Pattern

Step-by-Step Tutorial

A beautiful and delicate floral design, perfect for shawls, table runners, blankets and more!

Materials

- Cotton or acrylic yarn (any weight, e.g., DK/light worsted)
- Colors: green (leaves and border) and various colors for tulips
- Crochet hook: size appropriate for your yarn (e.g., 3.5 mm / E-4)
- Scissors
- Yarn needle

Abbreviations (U.S. Terms)

ch	= chain
sl st	= slip stitch
sc	= single crochet
hdc	= half double crochet
dc	= double crochet
tr	= treble crochet
sp	= space
st(s)	= stitch(es)
yo	= yarn over
[]	= work stitches in the same stitch
* *	= repeat instructions

Special Stitches Used

Leaf Stitch
(2 dc, ch 1, 2 dc)
All in the same stitch.
Forms one leaf.

Tulip Stitch
(3 dc, ch 1, 3 dc)
All in the same stitch.
Forms one tulip petal group.
Make 3 petals for each flower.

Chain Space
(ch 2 or ch 3)
Creates the open spaces between flowers.

Step-by-Step Instructions

1 Foundation Row (Base)

Ch 6 (you can start with any multiple of 5 + 1). This example uses ch 6.

Row 1: Sc in 2nd ch from hook and in each ch across. (5 sc)

2 Turn and Start the Pattern

Ch 6 (counts as dc + ch 3). Skip 2 sts, sc in next st, * ch 3, skip 2 sts, sc in next st *. Repeat to the end.

3 Row 3 – Add Leaves

Ch 1, sc in first ch-3 sp, ch 3, * in next ch-3 sp work (2 dc, ch 1, 2 dc) (Leaf Stitch), ch 3 *. End with sc in last sp.

4 Row 4 – Add Tulips

Ch 1, sc in first ch-3 sp, ch 3, * in next ch-3 sp work (3 dc, ch 1, 3 dc) (Tulip Stitch), ch 3 *. End with sc in last sp. Fasten off if changing flower color.

5 Continue Increasing

Repeat Rows 3 and 4, increasing one more flower at the end of each row. Each new row will have one more tulip than the previous row.

6 Changing Colors

To change flower color, finish the last dc of the petal with the new color. Fasten off the old color and continue.

7 Building the Triangle

Repeat Rows 3 and 4, alternating leaves and tulips, always adding one more flower in each row. This creates the diagonal shape.

8 Final Border

Work a border around the entire piece: ch 1, sc evenly along the edges, working 3 sc in each corner. Add a ch 3 loop at the top corner for a hanging option. Fasten off and weave in all ends.

Color Pattern Suggestion

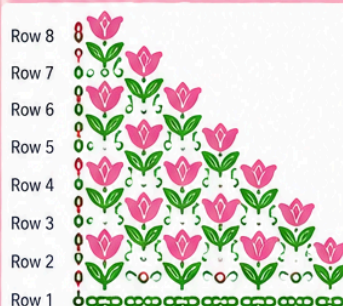

You can follow the same color order as the example or use your favorite colors!

Row-by-Row Example (First 6 Rows)

Row 1	Ch 6, sc in 2nd ch and across (5 sc)
Row 2	Ch 6, skip 2, sc, ch 3, skip 2, sc
Row 3	Leaves: (2 dc, ch 1, 2 dc) in each sp
Row 4	Tulips: (3 dc, ch 1, 3 dc) in each sp
Row 5	Repeat Row 3, adding one more leaf at the end
Row 6	Repeat Row 4, adding one more tulip at the end

Continue in the same way, alternating leaf rows and tulip rows, until you reach the desired size.

Diagram of the Growth (Rows)

- = Tulip (3 dc, ch 1, 3 dc)
- = Leaf (2 dc, ch 1, 2 dc)
- = Chain space (ch 3)
- = Single crochet (sc)

Finished Project

You can make it in any size and colors!
Enjoy crocheting! ♥

Step 2 – Create the First Green Leaf Section

[!\[\]\(21199eb166cc97331a0c54c649195dcc_img.jpg\) !\[\]\(e79299683882154d856e57ff98e54c81_img.jpg\) THE BEST CROCHET PATTERNS HERE !\[\]\(ad0f4e23eabb6d3244d4372e55975183_img.jpg\) !\[\]\(f9a33fa674cff3fa152af381ea27e49f_img.jpg\)](#)

The green leaf motif is formed by making several tall stitches into the same base stitch or chain space.

In the indicated stitch, work approximately:

4 dc in the same st

These four stitches spread outward and form one leaf section.

The chart shows two leaf sections meeting in the middle, creating a small V-shaped green base beneath every tulip.

Between motifs, work the required **chain spaces** shown in the diagram. These chain loops create the airy lace effect.

Continue alternating leaf sections and chain spaces across the first row.

At the end of the row, turn carefully so the diagonal shaping remains neat.

Step 3 – Crochet the Tulip Flower

Each tulip sits directly above the green leaf motif.

Change to your chosen flower color at the top of the leaf section.

The chart shows the tulip divided into **three petal groups**.

For each petal section, work approximately:

3 dc, ch 2, 3 dc

Work these stitches into the indicated stitch or space.

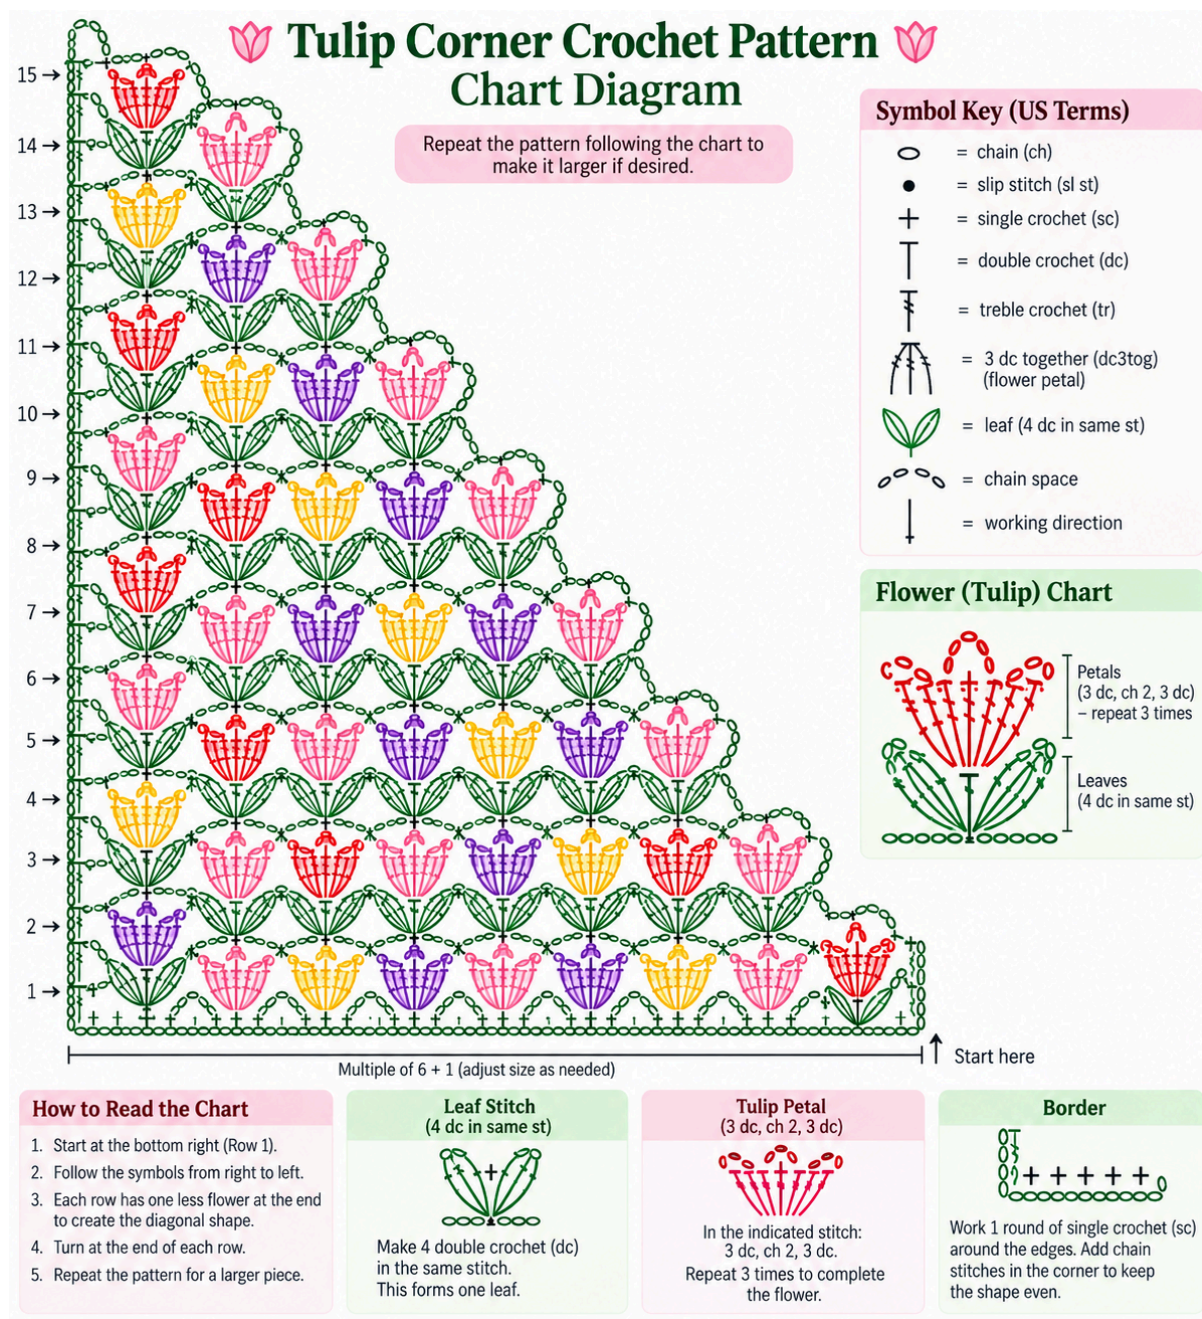

Repeat this petal sequence **three times** to create the tulip shape.

The center petal should sit slightly higher than the side petals. The chart also uses taller stitches and joined stitches, including **dc3tog**, to give the flower its pointed tulip appearance.

Do not pull the stitches too tightly. Slightly relaxed tension allows the petals to open beautifully.

Fasten off the flower color after completing the blossom if you are using separate colors for each tulip.

[!\[\]\(ccd39a0dc6d5afcc151e1371f9462f58_img.jpg\) !\[\]\(f49923b0c29f216bd29daa1e909082f0_img.jpg\) THE BEST CROCHET PATTERNS HERE !\[\]\(2b049842d0d28f63899e54d504fa8663_img.jpg\) !\[\]\(1b1a84cd1f28e85bba9aad9af2ba531e_img.jpg\)](#)

💖👉 [THE BEST CROCHET PATTERNS HERE](#) 👈💖

Step 4 – Continue the Lace Pattern

Return to the green yarn.

Work the chain loops between the tulips following the diagram. These chains connect each flower-and-leaf unit to the next one.

The basic repeating sequence is:

leaf motif → tulip → chain space → leaf motif → tulip

Continue this repeat across the row.

The chains should form soft arches between the flowers rather than tight straight lines.

As you move upward through the pattern, every row contains **one fewer flower motif** than the row below it.

This reduction is what creates the triangular corner shape.

For example, if one row contains eight flowers, the next row will contain seven, then six, and so on.

[!\[\]\(950a62bbddad88d64435fd35607dfc42_img.jpg\) !\[\]\(80ae2b64037a63e4dd106d2cfb4205ab_img.jpg\) **THE BEST CROCHET PATTERNS HERE** !\[\]\(9e6b464392878bce7cea642e72141689_img.jpg\) !\[\]\(f5a23b4dd22b63e9bd2a86f3cac27ff1_img.jpg\)](#)

Step 5 – Shape the Diagonal Edge

At the end of each row, follow the shortened repeat shown on the chart rather than adding another full flower.

Use green chains and edge stitches to form the curved diagonal border.

Each row should step inward naturally.

Do not make a sudden decrease by skipping several stitches. Instead, let the motif count decrease gradually, one flower per row.

Continue working:

tulip motifs + green leaves + chain arches

until only one tulip remains near the upper corner.

The chart shows approximately **15 rows**, but you can stop earlier for a smaller corner or continue the repeating structure for a larger project.

Step 6 – Work the Green Border

Once the tulip section is complete, work a finishing border around the outer edges.

Attach the green yarn at one corner.

Work approximately:

1 sc in each stitch or suitable chain space

around the edge.

Along large chain spaces, distribute the stitches evenly so the fabric does not pull.

At the corners, add a few extra chain stitches or multiple stitches into the same corner space to help the border turn smoothly.

For example:

sc, ch 2, sc in the corner is a simple option.

Continue around the triangular piece and join with a **sl st**.

Fasten off and weave in the yarn ends.

[!\[\]\(83f22ed94ec5517769dd76d702c6bfd8_img.jpg\) !\[\]\(58518edde73d42d67a35a8ed26134c7b_img.jpg\) **THE BEST CROCHET PATTERNS HERE** !\[\]\(256548e00e7fa4879dddf376cbbab973_img.jpg\) !\[\]\(4df0d38cb8d3da3858f8bf3819cfafd3_img.jpg\)](#)

Step 7 – Finishing and Blocking

Gently shape the crochet piece with your hands.

Because this is an open lace pattern, blocking will make a noticeable difference.

Lightly dampen the finished piece and pin it into a clean triangle, making sure the bottom and side borders are straight.

Arrange the tulip petals and leaves so they are clearly visible. Allow the piece to dry completely before removing the pins.

Blocking will help the **chain spaces open evenly**, the **leaves spread outward**, and the **tulip petals keep their decorative shape**.

Your finished piece should now show rows of colorful tulips framed by green leaves, with a straight lower edge, a straight side edge, and a gently stepped diagonal edge.

Quick Pattern Repeat

The easiest way to remember the construction is:

Foundation: multiple of 6 + 1

Green section: chain spaces + leaf groups made with several dc in the same stitch

Flower section: three tulip petal groups worked above the leaves

Row shaping: decrease one flower motif on every new row

Border: one round of green sc around the outside

Once you understand one complete **leaf-and-tulip repeat**, the rest of the pattern becomes much easier because the same structure is repeated throughout the entire corner.
